

ZooMobile Festivals

We bring the Zoo to you! We ask that you provide the table and we'll provide the animal artifacts like skulls, skins and mounts, and live animals. An Education Specialist is available to answer questions as your event participants stroll by. We present one animal at a time. Animals vary with the topic requested. Festivals are not recommended for classes to rotate through as there is no formal presentation. Note: *For animal safety, animals will not be available for outdoor programs where temperatures are 90°F or higher.*

Travel Around the Globe- Visit continents around the world without ever leaving Texas! This topic highlights various animals throughout the globe.

Zoo Careers- Working at the Zoo doesn't mean ONLY working with animals. Interested in graphic design or architecture and construction? This topic reveals the Zoo as a home to an array of careers.

Night Creatures- This topic focuses on animals with super senses! Nocturnal animals have a score of interesting adaptations, let us bring them to light!

Endangered Species- These animals are vanishing before our eyes. For this topic we focus on endangered animals and reasons for their demise.
