

# Halloween Candy & Snack Guide - October 2009

Note: This information is meant to be a helpful guide for consumers that are concerned about orangutan conservation and deforestation due to non-sustainable palm oil production in Indonesia and Malaysia. The certification process for sustainable palm oil is in the early stages of implementation so many people are choosing to buy products that do not contain palm oil. It is not possible to guarantee the accuracy of this information so consumers should still check labels. Each consumer should make their own decisions on what products they purchase and what companies they would like to support.

## Does not contain palm oil: (ORANGUTAN-FRIENDLY)
