

# Application for Target Title I School Scholarship

Through the generosity of Target, the Houston Zoo is offering scholarships for free programming to qualifying Title I schools in the Houston area. The scholarship includes a class in the Houston Zoo's Brown Education Center, admission to the Houston Zoo for the participating students, as well as transportation. Schools can choose from our popular Critter Encounter topics or our Adventure Classes.

To be considered for the scholarship, teachers must send in a completed application, and if applicable a W-9 form from the transportation company used by your school, and an invoice with the transportation price listed.

Incomplete applications or applications missing transportation documents will not be considered. Spaces are not guaranteed until you receive a notification by email that you have been selected to receive the Target Title I Scholarship.

**Please send the completed application and the appropriate transportation documents to [education@houstonzoo.org](mailto:education@houstonzoo.org) or fax them to (713-533-6783).**

School Name: \_\_\_\_\_ District: \_\_\_\_\_

School Address: \_\_\_\_\_
